## THE *next* CHAPTER

Driven by a culture of innovation in which we continually strive to elevate our guest experience, Oceania*NEXT* is a sweeping array of dramatic enhancements that are so transformational, they are inspirational. This ambitious multi-year initiative takes every facet of the Oceania Cruises experience to new levels, focusing in particular on the hallmarks that inspire guests to return to Oceania Cruises time and again: intimate and luxurious ships, The Finest Cuisine at Sea™ and in-depth destination exploration.

A better-than-new fleet of ships welcomes guests to a refreshed color palette, exquisite new furnishings and sleekly redesigned spaces.

The onboard cuisine has also been reimagined to offer exciting new dishes and dining experiences, from expansive plant-based selections to a Dom Pérignon pairing dinner that is the first of its kind. New itineraries, shore excursions and land programs allow more immersive experiences in intriguing destinations, while a wider array of wellness opportunities lets guests enhance their health and vitality both on board and ashore. The excitement culminates with the announcement of our two upcoming brand-new ships.

Welcome to the next chapter of Oceania Cruises.

A PHENOMENAL FLEET

## LIKE NEW, ONLY BETTER

Elevating the guest experience to the next level begins with our fleet of six intimate and luxurious ships that is the cornerstone of Oceania Cruises.

*Insignia*, *Nautica*, *Regatta* and *Sirena* are transforming into entirely new ships, retaining the intimacy and comfort that has made them so beloved while attaining a new level of elegance, grace and timeless style. Luxe residential furnishings, chic lighting, bespoke artwork and nuanced accents create an aesthetic and ambiance as sophisticated and affable as our guests. *Marina* and *Riviera* take their inspiration from the other four ships with refreshed color palettes in suites and staterooms, subtle new design elements, and a complete remastering of the Owner's Suites, exclusively by Ralph Lauren Home.

## Regatta Class

*Insignia*, *Nautica*, *Regatta* and *Sirena*, collectively known as the Regatta Class, are being re-inspired to be better than new. Every inch of every surface of every suite and stateroom is completely redesigned. In the public spaces, a palette of soft sea and sky tones envelops tasteful new fabrics, furnishings and lighting fixtures that encompass the inimitable style and comfort of Oceania Cruises. From the handblown crystal teardrops of The Grand Dining Room chandelier to the handblown glass wall personally installed by the artist in Martinis lounge, each ship celebrates a dramatic rejuvenation, glowing with a sheen as polished as a flawless diamond.

### RE-INSPIRATION BY THE NUMBERS

## New Menus & Culinary Experiences

### THE GRAND DINING ROOM

#### Plant-Based Options

The Grand Dining Room is a stately yet convivial tribute to Europe's marquee five-star hotel restaurants, offering a bevy of delicious Continental dishes. New menu options offer even more choices, a wide spectrum of global flavors and an Executive Chef's Tasting Menu. Perhaps the most exciting enhancement is the new array of plant-based options. Flavorful, bold and creative, this collection of more than 200 dishes constitutes the most expansive plant-based menus at sea, complementing the vegetarian selections and Aquamar Vitality Cuisine already featured. Ranging from Greek to Korean and from light salads to hearty pastas to decadent desserts, these healthy menu choices are offered at breakfast, lunch and dinner in The Grand Dining Room as well as Terrace Café. Plant-based options are also available upon request during dinner in each of our specialty restaurants.

### TERRACE CAFÉ

#### Chef's Market Menus

Whether guests dine alfresco or indoors, Terrace Café offers an expansive array of dishes for breakfast, lunch and dinner. Menus have always been internationally inspired, but now the culinary team has taken that inspiration to another level. In select ports of call, executive chefs go ashore to shop the local markets, improvising and inventing dishes based on the fresh harvest they find. They then craft a Chef's Market Menu showcasing the freshest, most authentic local ingredients. For example, in Barcelona guests might savor manchego cheese, serrano ham and the prized Spanish octopus during dinner at Terrace Café.

### BARISTAS

#### A New Look

This delightful coffee bar offers complimentary illy® espressos, cappuccinos and lattes prepared by master baristas, as well as delicious pastries, finger sandwiches and homemade biscotti. Baristas is so popular with our guests that the space has been expanded and completely redesigned with a tony new décor on *Marina* and *Riviera*.

### WAVES GRILL

#### Raw Juice & Smoothie Bar

Located in a spacious, shaded area just steps from the swimming pool, Waves Grill offers casual dining on all-American favorites, from gourmet burgers to succulent seafood. As part of our extensive new plant-based options, *Marina* and *Riviera* also feature the only cold-pressed Raw Juice & Smoothie Bar at sea. Here guests can enjoy tasty raw juices and plant-based smoothies as well as energy bowls, available during breakfast at Waves Grill.

### HORIZONS

#### White-Glove Service

Teatime on board has always been a celebratory daily event at four o'clock. Now with full white-glove trolley service, guests enjoy a more luxurious and leisurely afternoon as the waitstaff continually glides through Horizons offering a tempting array of scones, finger sandwiches, decadent desserts and gourmet teas. Newly expanded menus feature a wider variety than ever before, all presented tableside to guests on gleaming, tiered pastry carts.

## THE NEXT GENERATION

# THE EVOLUTION OF PERFECTION

Given the immense creativity and innovation involved with Oceania*NEXT*, it is only natural that the next step in the evolution of Oceania Cruises would be a new class of ships. With the first arriving in 2022, the two brand-new *NEXT*-generation ships will include all of the elements that our guests treasure: a warm and intimate residential style, the most spacious standard staterooms afloat, amazing suites and, of course, the Finest Cuisine at Sea™. Exciting new features include more restaurants and dining experiences, a wider range of suites and staterooms from which to choose, and additional cultural and enrichment elements. While similar in size to *Marina* and *Riviera*, the new ships will carry fewer guests and have an even greater staff-to-guest ratio to deliver the hallmark Oceania Cruises service.

Having finalized the overall layout and design of the ships, it is time for the real fun to begin. Our teams of world-class architects, renowned interior designers and master craftsmen in Italy will be choosing decorative elements, color palettes and artwork to create the ultimate expression of the Oceania Cruises experience. More details will be revealed soon about this exciting new chapter of Oceania*NEXT*.
